

WEEZCUP TERMS AND CONDITIONS & PAYMENT TERMS (V1.0)

Downloaded Sep 27, 2026 · 2:07 AM. This document is provided for your records — accepting it on weezcup.app happens through your Organizer account, not through downloading this PDF.

Strict Limitation of Liability Disclaimer. WEEZCUP operates exclusively as a software platform for bracket generation and tournament management. WEEZCUP does not own, manage, or supervise physical sports venues, match referees, or financial arrangements between tournament organizers and players.

1. SOFTWARE SCOPE & DISCLAIMER

WEEZCUP is an online software platform that enables tournament organizers to configure events, generate match brackets, manage participant entries, and track scores. WEEZCUP does not own, operate, supervise, or manage physical sports venues, courts, or live events.

2. ABSOLUTE EXCLUSION OF LIABILITY

Under no circumstances shall WEEZCUP, its parent entity, developers, officers, or partners be liable for physical injuries, medical emergencies, venue damages, property loss, or financial disputes.

3. ORGANIZER INDEMNIFICATION

By signing and creating an organizer account, you agree to defend, indemnify, and hold harmless WEEZCUP and its team from any claims associated with tournaments hosted under your account.

4. IDENTITY VERIFICATION & CONDUCT

Organizers must provide valid identification and accurately represent their tournaments. Failure to adhere to platform rules or misrepresentation may result in immediate account suspension or termination.

5. PAYMENT TERMS & PLATFORM FEES

5.1 Platform Service Fee. For tournaments on our Premium tier, WEEZCUP charges a platform service fee on each paid entry. Our standard default is 10% of the entry fee, capped at ₱100 per entry. Free-tier tournaments carry no platform service fee.

5.2 Fee Arrangements May Vary — These Terms Apply to Whichever Arrangement Is in Effect.

The percentage, cap, or flat-fee amount above is WEEZCUP's standard default only. Because organizers, venues, and volumes differ, WEEZCUP may agree to a different fee structure with a specific Organizer — for example, a flat per-entry rate instead of a percentage, or a different percentage or cap — by individual arrangement. These Payment Terms apply in full to whatever payment or fee arrangement is actually in effect for your account, whether the standard default above or an individually agreed rate. Your applicable rate is shown in your Organizer Dashboard.

5.3 Online Payments & Escrow. Entry fees paid online through our integrated payment gateway are collected and held on the Organizer's behalf ("escrow") until the platform service fee is settled and the remaining balance is released to the Organizer.

5.4 Manual & Walk-In Entries. Cash or manually recorded entries are not processed through our payment gateway. The Organizer is solely responsible for collecting and safeguarding those funds directly, and remains responsible for the platform service fee owed on those entries under the arrangement described above. WEEZCUP may, at its discretion, require a minimum amount of online-paid escrow before manual entries can be added to a tournament.

5.5 Settlement. Release of the Organizer's net escrow balance is arranged directly between WEEZCUP and the Organizer. Figures shown in the Organizer Dashboard are estimates as of the time viewed and are not a guarantee of a fixed payout schedule.

5.6 Non-Refundable. As set out elsewhere in these Terms, all registration payments are non-refundable through WEEZCUP; refund requests must be mediated directly with the Organizer.

5.7 Changes. WEEZCUP may update these Payment Terms, or an individual Organizer's fee arrangement, from time to time. Continued use of the platform after such a change constitutes acceptance of the updated terms.
